Template:	Footprint, 1265461, not required, not included		

No change in measurements if connected with drain illustrated. (K-7272)

Notes

Measure your actual product for rough-in details. Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

This bath is designed for freestanding installation only.

If installing a rim-mount faucet, make sure there is no interference above or below the deck before drilling any holes.
