

# How Much Should You Order?

Plan on laying your soil, rock, or mulch at a 3 inch depth. You will need 1/4 cubic foot of material for every square foot you want to cover. The chart below will help you determine your order amount.

1-cubic yard bag = 103 square feet

Covers 103 square feet at a 3-inch depth

Covers 206 square feet at a 3-inch depth

Covers 309 square feet at a 3-inch depth

Covers 412 square feet at a 3-inch depth
