

CuSalus® Products

Made with CuVerro® Antimicrobial Copper
A new weapon against bacteria* that cause hospital infections

CuSalus®

CuSalus® with CuVerro® EPA¹ registered antimicrobial copper continuously cleans frequently touched surfaces, killing bacteria* harmful to human health.

- **CuSalus®** provides effective protection against 6 common types of bacteria* that can cause hospital infections:
 - Methicillin-resistant Staphylococcus aureus (MRSA)
 - Staphylococcus aureus
 - E. coli O157:H7
 - Enterobacter aerogenes
 - Pseudomonas aeruginosa
 - Vancomycin-resistant Enterococcus faecalis (VRE)
- Proven efficacy as an antimicrobial – the most effective antimicrobial solid surface.
- Proven to continuously kill the bacteria* that cause infections.
- Remains effective even after repeated wet and dry abrasion and recontamination.
- Studies show:
 - Tests show 96% less bacteria* than on comparable stainless steel surfaces;
 - Kills 99.9% of bacteria* within 2 hours, when cleaned regularly.

5	7513195AMC	CUPRONICKEL CABINET PULL	3" 8 MM D (8/32)
6	375160195AMC	CUPRONICKEL CABINET PULL	160 MM, 10 MM D (8/32)
7	375128195AMC	CUPRONICKEL CABINET PULL	128 MM, 10 MM D (8/32)
8	37596195AMC	CUPRONICKEL CABINET PULL	96 MM, 10 MM D (8/32)

CUPRONICKEL: CuVerro® V EPA registration 87753 (90% copper - 10% nickel)

¹ U.S. EPA (87753-5).

* Laboratory testing shows that, when cleaned regularly, CuVerro® surfaces kill more than 99.9% of the following bacteria* within 2 hours of exposure: methicillin-resistant Staphylococcus aureus, Staphylococcus aureus, Enterobacter aerogenes, Pseudomonas aeruginosa, E. coli O157:H7 and vancomycin-resistant Enterococcus faecalis (VRE). The use of CuVerro® antimicrobial copper products is a supplement to and not a substitute for standard infection control practices; users must continue to follow all current infection control practices, including those practices related to cleaning and disinfection of environmental surfaces. This surface has been shown to reduce microbial contamination, but it does not necessarily prevent cross contamination. CuVerro® is a registered trademark of GBC Metals, LLC and is used with permission (CB-0003-1403).
